1 April 1956

STAT

1.  who is Deputy Chief, RI/PI, called today to tell me that he is leaving for UK on a survey TIN on the date noted. He plans to be in London sometime about the 15th - 21st April.

2. In view of the fact that he has participated with us to a certain extent in the training of the Base A Registry Clerk, and in a study of Project-wide registry problems, and because it was he who set up the special  designator for Base A in the UK, I recommend that you get in touch with him before he leaves to see if you feel that there are any problems inherent in our move to the UK which you and he might profitably discuss. He has indicated a willingness to assist us on the scene in London during this trip and I think it might be advisable for him to personally give special instructions regarding the handling of  material to the RI personnel of the London station.

3.  can be reached on extension  Please let me have your reaction to this.
